### **Response to Restriction Requirement**

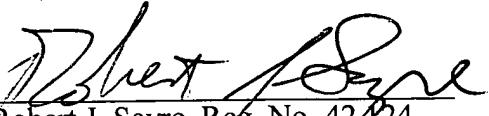

The Examiner required a restriction to one of five groups, identified in the Office Action. In response, Applicants hereby elect Group V (identified as including claims 56-61). Because each of the claims added herein depends, directly or indirectly, from claim 56, Applicants respectfully submit that the new claims belong to Group V and request that examination be carried out on claims 56-85, as amended herein.

The Examiner also issued a species-based restriction with respect to claims in Group III; however, since Claim III was not elected and, therefore, is withdrawn, this additional restriction is rendered moot.

### **CONCLUSION**

Applicants respectfully request that the above amendments be entered. If there are any questions regarding these amendments and remarks, the Examiner is encouraged to contact the undersigned at the telephone number provided below.

Respectfully submitted,
